

DRAWINGS

Attached is a Replacement Sheet showing proposed changes to Fig. 20. Also attached as an appendix is an annotated Sheet showing the proposed changes.

REMARKS

Drawings

Applicant requests that Fig. 20 be amended to restore it to the original configuration shown in the earliest filed application from which priority is claimed.

This application is a continuation of application Serial No. 10/192,115 ("the '115 application"), which is a divisional of application Serial No. 09/473,309 ("the '309 application"). As originally filed in the '309 application, Fig. 20 showed a resistor R_S connected between the emitters of transistors Q7 and Q8. During prosecution of the '115 application, Fig. 20 was amended to show R_S connected between the emitters of transistors Q5 and Q6. Upon further review and consideration, it has become apparent that the amendment was unnecessary and the location of R_S was shown correctly as originally filed in the earliest application.

Attached is a Replacement Sheet showing proposed the change to Fig. 20. Also attached as an appendix is an Annotated Sheet showing the proposed change. Applicant requests approval of the proposed change.

Conclusion

Applicant requests reconsideration in view of the foregoing amendment and remarks. The Examiner is encouraged to telephone the undersigned at (503) 222-3613 if it appears that an interview would be helpful in advancing the case.

Customer No. 20575

Respectfully submitted,

MARGER JOHNSON & McCOLLOM, P.C.
